

DOCUMENTS TO THE REQUESTOR

The CERCLIS Public Access Database, which contained a selected set of publicly releasable Superfund program data, has been retired. The EPA is transitioning to the Superfund Enterprise Management System, or SEMS. SEMS includes the same data fields and content as CERCLIS. As SEMS is made operational, nightly data refresh routines will be reestablished. The Superfund Site Information webpage (<http://cumulis.epa.gov/supercpad/cursites/srchsites.cfm>) will be updated to reflect the status of data updates. The Superfund Division is providing the responsive information on the understanding that its accuracy cannot be entirely guaranteed due to ongoing technical issues experienced as a result of this transition.
